ONE OF THE MOST POPULAR FORMS OF OUTDOOR HEATING IS A FIRE PIT.

Creating a soothing outdoor atmosphere, a fire pit from Whitehorse Fire Pits Melbourne is a truly striking addition, providing a welcoming destination with organic heat to enjoy.

From the product development and design, to manufacturing we are completely made in Australia with locally sourced materials.

Our Fire Pits are available in different shapes, sizes and finishes to meet your taste and space.

With multifunctional use such as Herb Gardens, Water Feature and Cooking ability to name a few.

Whether you have a patio, alfresco, rural property or courtyard creating a social gathering area with a fire pit from Whitehorse Fire Pits Melbourne you are guaranteed to create lasting memories.
